

Distance Learning Tips for Students

Give your best effort.

- Distance learning is different from what you are used to. Try your best!
- Establish a routine that works for your family.

Be prepared.

- Have a designated place for school work like the kitchen table or a desk in a home office. Avoid using your room as your workspace.
- When you work, make sure you have everything you need (iPad- charged, earbuds, paper, pencil, etc.) and get rid of those distractions (TV, phone).

Use Time Management Skills.

- Utilize your agenda. Write down assignments and check them off as each assignment is completed.
- Make a checklist of your daily tasks, create a schedule.
- Don't procrastinate.
- Set reminders for virtual meetings that are scheduled by your teacher.

Take breaks.

- Take a movement break between assignments or take a break before moving on to the next subject.
- Do something away from your iPad (get some fresh air, stretch, etc.)

Other Reminders.

- Grades 4-12, check Canvas for assignments.
- Look for feedback on assignments.
- Check your email (if applicable for your grade level).
- Check your grades.

Ask for help.

- If you have a question, reach out to your teacher and ask.
