

# Zoom

Zoom is a platform for video and audio conferencing, webinars, etc. Many teachers will be using Zoom to host instruction time and/or help sessions. In preparation for instruction beginning, March 30, students are encouraged to spend some time exploring the Zoom platform.

1. Zoom will be pushed out to student iPads. Zoom should automatically install itself. If it does not, students will need to download Zoom from Meraki.
2. Explore the Zoom platform.

In your web browser type - [support.zoom.us](https://support.zoom.us)

Click on Meetings and Webinars  
Click on Joining and Starting  
Click on Joining a Meeting

Review “Joining a Meeting” by watching the video.

**\*PLEASE NOTE:** Students do not need to establish their own Zoom account. Teachers will provide the link when teaching a lesson or help session using Zoom. Students will click on the link and select “Join Meeting.”
